Stations **WLTN-DT, WAMI-DT, WAQI(AM), WRTO-FM, WQBA(AM), WAMR-FM.**

The purpose of this EEO Public File Report (“Report”) is to comply with Section 73.2080(c)(6) of the FCC’s 2002 EEO Rule. This Report has been prepared on behalf of the Station Employment Unit that is comprised of the following station(s): WLTN-DT, WAMI-DT & WAQI(AM), WRTO-FM, WQBA(AM), WAMR-FM and is required to be placed in the public inspection files of these stations, and posted on their websites, if they have websites.

The information contained in this Report covers the time period beginning October 1st, 2019 to and including September 30, 2020 (the “Applicable Period”).

The FCC’s 2002 EEO Rule requires that this Report contain the following information:

1. A list of all full-time vacancies filled by the Station(s) comprising the Station Employment Unit during the Applicable Period;
2. For each such vacancy, the recruitment source(s) utilized to fill the vacancy (including, if applicable, organizations entitled to notification pursuant to Section 73.2080(c)(1)(ii) of the new EEO Rule, which should be separately identified), identified by name, address, contact person and telephone number;
3. The recruitment source that referred the hire for each full-time vacancy during the Applicable Period;
4. Data reflecting the total number of persons interviewed for full-time vacancies during the Applicable Period and the total number of interviewees referred by each recruitment source utilized in connection with such vacancies; and
5. A list and brief description of the initiatives undertaken pursuant to Section 73.2080(c)(2) of the FCC rules.

Appendices 1, 2 and 3 which follow have been designed, in the aggregate, to provide the required information. Please note that the numbers listed on Appendices 2-A and 2-B under the column entitled “Full-time Positions for Which This Source Was Utilized” refer to the number of full-time job positions listed on Appendices 1-A and 1-B.

For purposes of this Report, a vacancy was deemed “filled” not when the offer was extended but when the hire accepted the job offer. A person was deemed “interviewed” whether he or she was interviewed in person and/or over the telephone.

Internship Program:

The station WLTV-23 participated in the STEP (Student Training & Employment Program) partnership with Florida International University. This allowed 20 students in the Spring semester to train, learn, and execute station projects focusing on the multimedia production environment, from video editing, graphics, audio design and digital platforms production. WLTV allowed for students to shadow Univision team members due to the proximity of the station to the University. The program is extended to the entire nation and students help and participate with stations around the Country.
