GUIDELINES FOR ALL THIRD PARTIES

The following guidelines must be adhered to on Univision properties:

- o All pixels, cookies, scripts or other tracking technology must be disclosed and pre-approved prior to running.
- o Any collection of Personally Identifiable Information (PII), browsing history, or other information that can be “tied back” to PII are strictly prohibited.
- o If permission is granted, the use of mechanisms that store or retrieve data on Univision.com must comply with the Privacy Policy.

Cookies

If permission is granted, the domain owner of the cookie must supply Univision with a link to the end-user Privacy Policy.

This Privacy Policy must contain clear instructions on the process to opt out of the domain owner’s services controlled by that cookie (files that are stored on user’s computers and identify that computer).

No cookie may be used for the purposes of retargeting, behavioral remarketing, or targeting any advertisements, segment categorization or any form of syndication related to Univision, its content, or its users without prior written approval as described above.

All applications of interest-based advertising must be fully OBA compliant, displaying all required notifications and opt-out mechanisms. All cookies must contain a functioning expiration date and expire less than 120 days from the time the cookie is set.

Unless otherwise specified in the contract and insertion order:

- o Data collected may not be re-sold, re-used, or re-distributed in any form, including as part of aggregated or anonymized data sets, to any other party.
- o Data collected may not be used for retargeting messages to users on other websites.
- o Third parties may not capture data for subsequent ad segmentation or cookie pools.

Additionally, advertisers that use a remarketing or data collection pixel must follow all applicable privacy/data laws and industry accepted best practices including, but not limited to, the following:

- o Publish a privacy policy on your website that includes a clear and appropriate description of how your advertising pixels may be used.
- o Display a message with your advertising that indicates how third-parties may place and use pixels to show interest-based ads to your visitors on sites across the Internet (e.g. AdChoices)
- o Ads collecting or utilizing remarketing or data collection pixels must be fully OBA compliant and provide opt-outs on all advertising units associated with this campaign.
- o Not pass any personally identifiable information (PII) about users including but not limited to, names, email addresses, physical location, mailing address, device ID, telephone numbers, financial status or information, health status or information.
- o Not use any pixels to collect or solicit information from children under age 13.
- o Limit audience exposure for off-site re-targeting messages to a maximum of 1x/day, 3x/week, 7x/lifetime.
- o Not re-target users on any sites that display or promote hate speech, adult content, illegal activity, drug use, or violence.

Google DCM Display Tag types via DFP - Univision requires Internal Redirects...

- Univision requires Internal Redirects for all clients that wish to use Google as a 3rd party vendor for Display Tags. This will reduce discrepancies back to industry level standard of 10%.
- Google Internal Redirect Tags – We have minimal discrepancy with this tag type. However, this tag type will not allow us to block or monitor being that blocking or monitoring requires wrapping with the DCM JS tag. This has been confirmed with BOTH Double Verify and IAS.
- Google DCM 1x1 trackers – Trackers will work fine and are not impacted at all. If the client is site serving the creative file then we can also append a monitoring pixel aside from the impression tracker but not blocking. This has been confirmed with both Double Verify and IAS.
- Video – Video Tags are not impacted at all.

UNIVISION's Data Policy:

All data generated by/or collected from Univision and its users while visiting the Univision site or network of sites is the property of Univision Communications Inc. No party unaffiliated with Univision may collect or use, or direct, authorize or assist other persons or entities to collect or use, any data from a user, or a computer or device operated by a user, while visiting the Univision site or network of sites without the prior express written permission of Univision. For example, no data may be collected, used or transferred for purposes of retargeting, behavioral remarketing, or targeting any advertisements, segment categorization or any form of syndication which is related to Univision, its content, or its users without the prior express written permission of Univision in each instance.
